Title:

Searching for post-doc position

Content:

Dear Dr. ??':

Hello. My name is Yadong Jiang, a PhD candidate of IUSS, Pavia. My major is Earthquake Engineering and Engineering Seismology, ROSE Programme. Currently I had submitted the my doctoral dissertation and waiting for the final defense (which will be approxiately held in Janurary or Feburary 2018). I am looking for a post-doc position as a continuation of my research career.

My doctoral topic is about the seismic performance of concrete-filled steel tubes, which involves both experimental tests and numerical modelling. The details could be found in my CV, which is attached in this email.

Thank you very much and have a nice day.

best regards

Yadong Jiang

PhD Candidate, ROSE Programme

Istituto Universitario di Studi Superiori di Pavia (IUSS), Pavia, Italy
